TRUTH AND LIBERTY.
SATURDAY, MAY 14, 1904. SALT LAKE CITY, UTAH.

FIFTY-FOURTH YEAR.

COMBINED ATTACK ON LIAO YANG.

Russian Army Organ Believes
That the Japanese Will
Make One.

ONE HUNDRED THOUSAND MEN.

Estimated That is the Strength of the
Forces Now Advancing
Against It.

CRITICAL AND ANXIOUS MOMENT.

Gen. Kuroki Reports the Occupation
By His Soldiers of Kuan
Tien Cheng.

St. Petersburg, May 14 (12:50 p. m.).—The army organ is disinclined to believe that Hai Cheng is the Japanese objective. It says the division of guards now marching in that direction will probably sweep northward toward Liao Yang, followed by the forces now at Suiyan Chow, and combining with the division reported to be at Somatiki make a combined attack on Liao Yang. The Novoe Vremya's expert estimates the force advancing against Liao Yang at 100,000 men, with 50,000 horses and 270 guns, and believes the Russians are retreating upon their base.

"It is a critical and anxious moment," the paper continues, "and Kuroki is allowing the enemy to take the offensive, watching for a favorable moment to strike a decisive blow."

Although the issue price of the new Russian loan is still a secret here, the terms, The Novoe Vremya points out that 7 per cent was paid during the Turkish war, and that now the rate is only 5 per cent, whereas the Japanese are paying at least 6 per cent for a smaller amount.

The emperor has accepted \$750,000 for the navy from Count Skourov, from the patriotic emergency fund, consisting of several million rubles deposited in the imperial bank by donors to his majesty's grandfather.

The army medical department completed its prophylactic measures for the far east, and are now able to cope with any epidemic among the troops. A disinfecting apparatus has been sent, and every kind of serum, to the total value of \$50,000. Every soldier was vaccinated after passing Baikal. Smallpox is the only contagious disease reported by the three cases at Chita, 14 at Verkhneudinsk and 15 at Altan.

KUAN TIEN CHENG OCCUPIED.

Washington, May 14.—The Japanese legation has received the following cablegram from Tokyo, dated today:

"Gen. Kuroki, commander of the First army corps, reports that on May 13 a detachment of his troops occupied Kuan Tien Cheng. On May 11 an infantry detachment pursued the enemy's cavalry, which was retreating two from Shuei Hsiang. The detachment was the son of Gen. Honvaki."

SKRYDLOFF OFF TO FRONT.

Irkutsk, Siberia, May 14.—Vice Admiral Skrydloff, the commander of the Russian naval forces in the far east, passed through Irkutsk today on his way to the front.

MUTILATED JAPANESE DEAD.

Tokyo, May 14, 5 p. m.—A correspondent of the Kokumin Shinbun of Tokyo, who is with Gen. Kuroki, has made the charge that the Russians mutilated Japanese dead at the Yalu river. He says that when the detachment of the Fourth regiment of the Imperial guards occupied Kancho, the Russians mutilated the bodies of the Japanese soldiers who fell into the hands of the enemy and were taken prisoners. The mutilated corpse of one of them, named Taisaku, was found by the detachment, and according to the correspondent, hanging to a tree on the bank of the Yalu.

"The dead man's face had been stripped of its skin, his stomach had been gouged out," continues the correspondent, "and his feet had been cut off. The mutilations were horrible. It is believed that the other two men met the same fate, but that when the corpses of the three were rolled over the bank only that of Watanabe caught on the river, the others falling into the river."

The publication of these charges has caused intense indignation.

Santa Fe Strike Situation.

Topeka, Kansas, May 14.—The men employed in the Santa Fe machine shop who were locked out of the shop on Monday, May 2, and refused to return to work on the following Monday will receive their April pay checks at the Santa Fe general office on Monday, May 16. The other men will receive their pay checks at the shop as usual. The strike situation in Topeka remains the same.

Mr. Mudge says: "We lack about 10 or 15 of having a full force of men, but these will be brought in shortly."

MECHANICAL ENGINEERS.

First Delegation of Foreign Ones Arrive.

New York, May 14.—The first delegation of foreign engineers to arrive in this country to attend the international convention at Chicago were passengers on the steamer Campana which arrived today from Liverpool and Queenstown. They were Herbert Jewson, S. H. March and G. Croydon Marks. Three hundred and fifty more engineers are expected to come on next week's steamers.

Among the other passengers on the Campana was William Marconi, who came over with several assistants to continue his experiments at the Glace Bay station, Cape Breton.

Mr. Marconi says he succeeded in maintaining constant communication with shore stations during the voyage. The success of these tests, he says, insures the publication of a daily newspaper at sea. A new set of instruments, which had been prepared especially for use in the trials made during the voyage, enabled the operators to communicate with the eastern shore for a distance of 1,700 miles. In the meantime, before signals with the eastern shore failed, the station at Glace Bay on the west shore had been picked up and communication was continued uninterrupted.

U. S. Squadron Sails.

San Juan, P. R., May 14.—The United States squadron sailed today for the Canary Islands, the Brooklyn and Cassin for Tenerife and the Atlantic and Marietta for Las Palmas.

Education for Adults.

Boston, May 14.—The extension of education to adults was the general topic considered today at the closing session of the convention of the American Social Science association. President Charles W. Eliot of Harvard university, outlined the problem.

Sub-Treasury Pays Banks.

New York, May 14.—The sub-treasury has paid to banks \$2,191,000 on telegraphic orders against a deposit of imported Japanese yen at the San Francisco mint. The total amount of gold sent from San Francisco to New York since the first of the year is \$31,703,000.

French Imports and Exports.

Paris, May 14.—During the first four months of the year French imports decreased \$10,676,000 and exports increased \$9,509,600.

Michigan Mines Shutting Down.

Norway, Mich., May 14.—The Loretta mine shut down today throwing about 200 men out of employment. Other mines are closing and miners are leaving for Europe on account of general depression on the range.

Gold For France.

New York, May 14.—An engagement of \$2,500,000 of gold at the assay office for shipment to Paris on Tuesday's steamer was announced today but the name of the shipper was withheld. This brings the total thus far announced for Tuesday up to \$10,500,000 of which \$5,500,000 is by shippers whose names are refused.

Including this total of \$10,500,000 for next Tuesday, the aggregate amount of gold shipped to Europe from this port since April 7 is in excess of \$30,000,000.

ILLINOIS REPUBLICANS.

They do a Lot of Ballotting But No Nominating.

Springfield, Ill., May 14.—Before the Republican state convention met all sorts of rumors were about today regarding the governorship fight. The gains made by Lowden yesterday have given the followers jubilant. The Yates men, however, said that their forces were solid.

Despite Chairman Cannon's strict orders to permit none but delegates and alternates to the convention floor the crowd which gathered broke over the barrier of assistant sergeants-at-arms and the policemen. The hall was soon packed with a surging mob.

The shouters for the rival candidates who had yelled themselves hoarse the previous day had provided themselves with new devices for making a din and with which to excite the enthusiasm of their delegates. The Diggins people who had been waiting in barns the previous day, came in with hundreds of small standards bearing the name of their candidate.

Prior to the beginning of balloting Chairman Cannon asked the friends of the candidates to refrain from demonstrations.

"Thank God," he said, "it has been demonstrated in a two days' meeting that this convention is composed of 15,000 men who are not affected by banners and huzzas."

The first order of business was the making of the sixteenth ballot. Amid great cheering DeKalb county broke from Yates and voted for Lowden. The ballot resulted:

Yates, 472 4-5; Lowden, 428; Dineen, 381; Hamlin, 110 3-5; Warner, 38 4-5; Sherman, 11 3-5; Pierce, 21.

There was no delay after the fifteenth roll call, the leaders being in conference and it being reported that there was a prospect of a combination which would break the deadlock. The delegates broke the deadlock by sending out for lunch and ate in their seats.

ENGLAND INTERESTED.

May Be Involved with Brazil and Peru.

Washington, May 14.—It is possible that Great Britain may become involved in the threatened clash between Brazil and Peru. United States Minister Thompson cables the state department today from Petropolis that Brazilian officers yesterday stopped a British ship at Manaus while she was making her way up the Amazon river on the ground that she had aboard 200 cases of ammunition destined for the Peruvian military forces in the up-river country. The possession of the ship is now a subject of dispute between Brazil and Peru. As there has been no declaration of war it is expected that the British government will enter a protest against the stoppage of the ship as illegal.

METHODIST CONFERENCE.

It Will Adjourn Saturday May 28.

Los Angeles, May 14.—The conference this morning fixed up on Saturday May 28 as the day of final adjournment. Sunday, May 29, there is to be a great evangelistic rally at all the Protestant churches in the city.

The rules for balloting for bishops were adopted. The conference heard the report of missionary Bishop A. W. Warner on his work in India and referred it to the proper committee. The entire body of delegates accepted the invitation of the Salt Lake railroad to visit Riverside this afternoon and at 11:45 the day's session closed.

AMERICAN RED CROSS.

Miss Clara Barton Resigns the Presidency.

Washington, May 14.—Miss Clara Barton today resigned the presidency of the American Red Cross, and was succeeded by Mrs. Gen. John A. Logan, who has heretofore occupied the office of vice president of the association.

FIGHT AT HSU YEN.

Russians Reported to Have Lost 1,500 Men

Shan Hai Kwan, May 14 (9:30 p. m.).—A report of a severe engagement in the hills around Hsu Yen last Thursday has been received here. It lacks verification, but according to the Russians lost 1,500 men killed and wounded and the Japanese occupied the town of Hsu Yen. The Japanese loss is not given.

10:15 p. m.—It is impossible to obtain

Port Arthur Is Said To Have Fallen.

Ten Thousand Men Reported to Have Been Killed in an Engagement—A Detachment of Troops Has Occupied Kwan Tien Sien—Three Hundred Russian Cavalrymen Attacked and Dispersed.

LONDON, MAY 14.—A TELEGRAM FROM PARIS SAYS A RUMOR IS CURRENT THERE THAT PORT ARTHUR HAS FALLEN AND THAT TEN THOUSAND MEN WERE KILLED DURING THE ENGAGEMENT. NOTHING CONFIRMATORY IS OBTAINABLE IN LONDON.

THE ABOVE RUMOR IS PROBABLY FALSE. NEITHER ST. PETERSBURG NOR TOKIO HAVE HAD ANY INTIMATION OF THE BEGINNING OF AN ATTACK ON PORT ARTHUR.

TOKIO, MAY 14.—(4 P. M.)—A DETACHMENT OF JAPANESE TROOPS HAS OCCUPIED KUAN TIEN SIEN, 60 MILES NORTHEAST OF FENG WANG CHENG. ON THURSDAY LAST A DETACHMENT OF JAPANESE ATTACKED AND DISPERSED 300 RUSSIAN CAVALRYMEN AND CAPTURED A WOUNDED OFFICER AND TWO MEN. THE RUSSIAN CAVALRY WAS RETIRING FROM TUCH LI CHAN.

SHAN HAI KWAN, MAY 14.—(6 P. M.)—JAPANESE TROOPS FROM FENG WANG CHENG OCCUPIED SUOYIN, 60 MILES EAST OF LIA YANG ON THE MAIN ROAD, ON THURSDAY. THEIR NUMBER IS NOT KNOWN. THE COUNTRY IS HILLY.

NIJUI, NOVROGOOD, RUSSIA, MAY 14.—STEAMERS ON THE VOLGA ARE STOPPED AND SEARCHED BEFORE PASSING THE BRIDGES, ON SUSPICION THAT JAPANESE AGENTS MAY BE ON BOARD WITH THE INTENTION OF BLOWING THEM UP, WHICH WOULD IMPEDE THE PROGRESS OF TRAINS BOUND FOR SIBERIA.

SENTRIES ON THE SYZRAN BRIDGE RECENTLY FIRED ON TWO STEAMERS FOR NOT STOPPING WHEN ORDERED TO DO SO.

Salt Lake County Assesment's Rolls Complete.

Property Valuation is \$45,244,817, as Compared With \$43,505,032 Last Year—How The Different Kinds of Property Are Classified and What They Are Worth According to Assessor's Figures.

County Assessor Ben R. Eldredge has completed the assessment rolls for this county for the year 1904. The rolls show a total valuation of all property in the county assessed by the county assessor to be \$45,244,817 as compared to \$43,505,032 for the year 1903, an increase this year of \$1,739,785. The rolls as compiled at the present time do not include the assessment of the property of railroad, street railway, telephone, electric light companies which has heretofore been assessed by the state board of equalization but under a recent decision of the supreme court should be assessed by the county assessor.

The classification of the live stock in the county shows that there are 7,690 horses, 6,998 head of cattle, 9,828 head of sheep, 1,166 swine and 18 colonies of bees assessed in the county this year as against 7,357 horses, 7,225 head of cattle, 11,379 head of sheep, 833 swine and 35 colonies of bees assessed last year. The decrease in the bee industry is due to the smelter smoke which is very detrimental to bees. The sheep show a decrease but the rolls are not yet closed in that respect and it is expected that when all the sheep are assessed there will not be a decrease as compared to last year.

Following is a comparative table showing the assessment for the years 1903 and 1904.

	1904.	1903.
Real estate	\$20,888,109	\$10,726,517
Patented mining claims	67,107	67,629
Improvements	12,862,857	11,762,932
Horses	441,521	238,401
Cattle	140,791	141,738
Sheep	22,593	32,516
Swine	5,249	3,484
Bees	61	181
Merchandise	4,241,583	3,994,305
Machinery	1,710,830	1,454,190
Solvent credits	2,700,850	2,568,870
Money	131,978	39,837
Personal property, not otherwise enumerated	2,241,565	2,113,375
Total	\$45,244,817	\$43,505,032
Total increase in valuation	\$1,739,785	

confirmation here of the reported fighting near Hsu Yen, but a battle there is not unlikely as this place is in the path of the advancing first Japanese army corps. Hai Cheng is the apparent objective of this corps.

Hsu Yen is situated in the midst of rugged hills, where a small force could resist the enemy with telling effect before being compelled ultimately to retreat.

Bombarding Dainy.

Chicago, May 14.—A special cable to the Daily News from Chefoo says:

Admiral Kato's fleet, the third Japanese squadron, began a fierce bombardment of the defenses of Dainy this morning. The land batteries were speedily silenced. Russian troops were again seen in the neighborhood and driven out of their positions by shells. Under cover of the fire from the ships, troops were landed and a combined attack on the city undertaken. There is every indication that the town is now in the possession of the Japanese.

Mandamus Set Aside.

Denver, May 14.—The state supreme court today set aside and vacated the writ of mandamus issued by District Judge Mullins, which ordered the election commission to deliver today to the election judges representing the Democratic and anti-Wolcott Republican parties the ballots and other supplies for the election in this city next Tuesday. In the argument attorneys for the Springer Republican ticket contended that the writ of mandamus was to allow the election judges to get the ballots in time to write them up and staff the ballot boxes before the polls open.

ATTEMPTED TRAIN WRECK.

A Mail Carrier Prevents it but is Beaten and Stabbed.

Chillicothe, Mo., May 14.—An attempt was made today to wreck passenger train No. 1 on the Wabash railroad (the Cannon ball), which left St. Louis last night bound for Omaha and the north-west.

James Dunn, rural free delivery carrier, went to Sampson station to get the mail from the cannon ball. The train was a few minutes late, and he walked up the track, lantern in hand. A few hundred yards from the station he found two railroad ties thrown across the rails. He moved the obstacles and started back to the station. Before he had gone half the distance he was attacked by two men who beat him almost into insensibility and stabbed him. His wounds are serious.

TWO MORE RELEASED.

Eastick and Kellackey of Salt Lake Team Given Walking Papers.

Eastick, pitcher, and Kellackey, first baseman and emergency catcher, were this morning given their release as members of the Salt Lake baseball team, the reason assigned being that neither were up to the standard sought by the management. In explanation of the move Mr. C. H. Griffin said to the "News": "It is our intention to give the fans their money's worth. With this end in view we intend to strengthen the team and among other things get a seasoned pitcher. Both Eastick and Kellackey have been drawing good salaries. We hope to secure better men and the action is in line with the policy of getting a better team."

POSTMASTER FOR WAYAN, IDAHO.

(Special to the "News.")

Daniels has been appointed postmaster at Wayan, Bannock county, Ida., vice Thomas H. Wilder, removed.

OLD SALT LAKER DEAD.

Mrs. Dorothea Joist Passes Away at Her Home in Brooklyn.

(Special to the "News.")

New York, May 14.—Dorothea, widow of Diedrich Joist, died Thursday at the home of her cousin on Quincy street, Brooklyn, after four months' illness, aged 61 years. She resided for some years at Salt Lake, where her husband died. She was exceedingly prominent in church work in Williamsburg, Brooklyn, being president of the Ladies Aid association, head teacher in the Sunday school of St. Paul's Lutheran church, and for a long time leader in the most prominent missions of Brooklyn.

COL. HOLMES, AUTHOR.

Is Preparing a History of His Regiment During the Civil War.

During the period of the temporary full in the work of the Utah lake irrigation committee, and having completed the manuscript of his "Armed and Dangerous" trip, Col. E. F. Holmes has taken up a work commenced several years ago, that of writing the history of the regiment in which he served during the period of the civil war.

This work, for which there is material at hand for two moderate sized volumes or one large one, is for gratuitous distribution among the survivors and families of those who had served in the regiment with him, and will not probably interest the general reading public unless it may be such chapters as treat of certain campaigns.

SEVIER POWER PLANT.

Westinghouse Company Preparing Estimates for Electrical Equipment.

(Special to the "News.")

New York, May 14.—The Westinghouse Electric Manufacturing company has prepared estimates and plans for contracts to complete the electrical construction of the Sevier river power plant, also for trolley line. It is stated that the electrical equipment will cost slightly over \$300,000 and the entire plant will overrun \$500,000. No exact details of specifications or figures on estimates or trolley line will be given as they are not yet completed nor will they be disclosed till the estimates are approved and contracts signed. It is stated on Wall street that a New York syndicate of capitalists is interested.

PRICELESS JEWELS GONE.

But Whether They Are Lost or Stolen Owner or Police Can't Tell.

The police department is confronted with a serious problem, one which involves the loss of jewelry worth several hundred dollars, the property of Mrs. C. W. Miles, 327 East First South street.

A diamond crescent, worth \$500, and a pair of gold bracelets, family heirlooms of priceless value to Mrs. Miles, are missing.

Whether they were stolen or mislaid, remains for the police and Mrs. Miles to determine. But up to date, they cannot be found, and the lady is greatly worried over her loss.

The matter was reported to the police last evening by Mrs. Miles. She said that she had a certain place to hide the jewelry. Yesterday she looked for the articles in question, and was horrified to find that they were gone. She wondered if she had changed the hiding place and had forgotten it. She then began a systematic search of the house, examining every nook and corner from cellar to garret, but the search failed to reward her with the discovery of the missing articles. She then went to the police station and reported her loss. The detectives took a minute description of the articles, and since then, have

searched all the pawn shops in the city, but without results.

Mrs. Miles says she would not part with the jewels for any price, and it is hoped that the police will soon be able to locate them.

PEDDLERS' LICENSE VETO.

Mayor Morris Disapproves of the Black Ordinance Passed on Monday.

Mayor Morris today vetoed the peddlers' license ordinance, introduced by Councilman Black and passed by the city council last Monday night. The ordinance provides for an increase in the license of peddlers, and also places a license upon persons offering for sale butter, eggs, fruit or vegetables produced by themselves. The mayor objects to the farmers who come into town having to pay \$20 per year license to sell their products, and, with that restriction removed, the ordinance would meet his approval.

DON'T USE THE GUTTER.

Supervisor Seddon Reminds Business Men What Garbage Cans Are For.

Street Supervisor Seddon has started somewhat of a crusade against the custom now used by some of the business houses of sweeping the dirt and rubbish off of the sidewalk in front of their stores into the gutter instead of sweeping it up and putting it in garbage cans to be hauled away. In many instances the offense is not committed until after the morning and evening streets have been flushed in the morning and the result is that the gutters are sometimes almost as dirty as though they had not been flushed.

The city ordinance provides that all of such rubbish should be swept up and put in the garbage cans, and it is the intention of Supervisor Seddon to enforce the ordinance and prosecute violators of the same.

UTAH PRESS AT ST. LOUIS.

Program That Will Be Presented at The Fair on Tuesday Next.

The following program has been arranged for the meeting of the Utah Press association at St. Louis on Tuesday, May 7, at 2 o'clock p. m.:

Address of Welcome

Response

William Giamann, Ogden Standard Vocal solo.

Miss Vera Felt Address. The Utah Press, Deseret

Mr. C. W. Penrose, Deseret

Original poem.

N. B. Dresser, Park City Miner. Address. A World's Fair and the Press.

State Senator Willis Johnson Social Function.

A number of complaints have been

SAW MOVING PICTURES.

Seeing How He Was "Robbed" He Drew Gun on an Innocent Expressman.

Lawrence Sullivan, a pugnaconic son of Erin, who solemnly declared that his first name was Florence, wound himself around some serious trouble about 9 o'clock this morning. He said he had been drinking "kinescope whisky." Certainly he saw moving pictures.

Sullivan hired an expressman to take his trunk down to the Rio Grande Western depot, and upon arriving there, accused the expressman of stealing his watch. He declared that the expressman robbed him while on the way to the depot, and that it was all

clear to him how it was done. He said he saw a panorama of the entire proceedings. The accused man strenuously denied the charge, and intimated that Sullivan was non compos mentis.

Sullivan grabbed the man and repeatedly swore that he had stolen the watch. He had another kaleidoscopic view of the theft, and drawing an ugly looking revolver, pointed it at the expressman's head and swore he would pull the trigger.

The driver was pretty badly scared, as he knew not what moment the gun would begin business. At Sullivan's bidding, he marched toward the police station, but enroute they encountered Officer Emil Johnson. Sullivan tucked the revolver in his pocket as the expressman gazed at him, and the leading features of the affair. Johnson promptly took both in charge and marched them to the police station. When the expressman told his story, he was released. He refused to give his name, however.

Upon searching Sullivan, Officer Johnson found a .38-caliber revolver and the watch he claimed was stolen from him. He also had about \$12 in cash on him. He looked decidedly foolish when the watch was produced. He had placed it in the "wrong" pocket. Sullivan was charged with carrying a concealed weapon, and was locked up on that charge. The expressman, who had such narrow escape, declares that he will file a complaint against the man, charging him with assault with a deadly weapon, with intent to do bodily harm.

WOOD ALCOHOL EXPLODES.

Barrel of It Takes the Fire Ladders to Drug Store in a Hurry.

At 11:25 this morning, an alarm of fire came in from Neiden-Judson drug company on West Temple street. Chief Bywater from No. 1, and Assistant Chief Wood from No. 2, and the hose wagons, truck and steamer made a record run.

From the top of the gong, it took only one minute and 45 seconds to get to the place, street closed, and the hose on the opposite side of the street to the rear of the building, and get a line of chemical hose into the cellar where the fire was. Every machine worked in unison, and the fire will be recorded as one of the cleanest and prettiest ever made here.

The blaze was caused by spontaneous combustion of a barrel of wood alcohol. There was no loss aside from the alcohol. A big crowd of excited persons congregated around the place, and spread many wild rumors about the fire.

As a compliment to the efficiency of the fire department, Mr. J. J. Connelley, gratulated the chief and the men and sent over a couple of boxes of good cigars to the boys, which were distributed during the usual inspection at 1 o'clock today.

"A WOMAN IN BLACK."

Police Looking for the Traditional Female in Bomber Apparel.

Once more the police are looking for a large woman in black. This woman seems to be as old an offender as John Doe. Nearly every time a woman is implicated in a robbery, it is a "large woman in black."

This morning, Mrs. J. C. Snow, residing at 78 State street, reported to the police that she was robbed last evening in a dry goods store of a purse containing a \$20 gold piece and \$9 in silver.

Mrs. Snow says she was looking at some goods and laid her purse on the counter. At the same moment, a large "woman in black" took a seat near her, but suddenly arose and left the store. Mrs. Snow's purse missed her purse. She complained to the floorwalker, and he made a thorough search for the woman and the purse. Several other stores were searched, but no trace of the woman could be found.

The police have a good description of her, and they are making every effort to find her.

TO PROTECT CHILDREN.

Humane Officer Don't Want Small Boys to Sell Newspapers.

A number of complaints have been made to Humane Officer B. B. Mann against allowing boys and girls of tender age to sell newspapers on the streets of this city and that matter has been thoroughly investigated by him with the result that he has reached the conclusion that there should be an ordinance passed imposing a penalty upon all persons who furnish newspapers for sale to a child under 5 years of age.

Mr. Mann stated that there are too many children, five or six years of age selling newspapers on the streets and among them several crippled children who should not be allowed to engage in such work and be associated with the older and rougher element which is often found among the newspapers.

He further agreed that at the expiration of this contract, viz, ten (10) years we will sell surplus power that may be developed at this plant to the city at a price that may be mutual, by agreement.

This offer is made in absolute good faith, and for the benefit of the people of Salt Lake.

When accepted, (which we believe it will be) we will submit plans, specifications and all detail drawings to an electrical expert if necessary.

The city
